BRONZE

package \$350

This package includes marketing of content you have created.

Snap a quick pic with your phone, email or text it to us, and we will edit and produce it professionally.

We will give you instructions on what to take photos of weekly(unless otherwise directed).

We also create you a marketing strategy that we will go over with you at the first of each month to insure your business is growing in what specific areas you desire.

There's no need to stress about when and what to post, we handle it all for you!

SILVER *package* \$500

We create all content with our silver package. There's no need to take the time to photograph your products/services with your phone. We come to your location once per month and photograph enough products/services to create content for the entire month. With these photos we also create any ads you may wish to run, announcements you may have, or specials you may want to run. We custom design each ad.

Professional photos are a major part in creating great and consistent content that will draw your dream clients attention.

We also create you a marketing strategy that we will go over with you at the first of each month to insure your business is growing in what specific areas you desire.

G O L D

package \$ 7 5 0

We create all content with our gold package, including promotional videos. We come to your location once per month to photograph and film enough products/services to create content for the entire month. We will go over what your promotional video for the month will be by creating a script for your video. We also split up film footage to create short clips(20 second films that we post weekly. With professional photos and videos you will be sure to draw your clients attention.

We also create you a marketing strategy that we will go over with you at the first of each month to insure your business is growing in what specific areas you desire.

STANLY MARKETING CO

info.

HOW TO START

Let's meet over coffee and discuss your business! We will dig deeper into exactly what your marketing vision is. Bring your notebook, calendar, and ideas!

MARKETING STRATEGY + CONTENT CALANDAR

Step one in creating successful online marketing is having a success plan and agenda. At our meeting we will talk about your focus for the month is as well as what services/products you want to push that month. Once we complete our meeting I will then create a personal content calendar for the month. This content calendar will have all marketing strategy's and ideas we intend on using on your business. Once you read it over and approve, it's time to grow your business and give it the professional look it needs.
